# Register

The registration form is titled 'Uranus' and features a green geometric logo. It has two tabs: 'Email Registration' (selected) and 'Phone Registration'. The form includes input fields for email, password, and a confirmation password, each with a strength indicator. A 'send' button is next to the phone number field. A 'Create Account' button is at the bottom, with a white mouse cursor pointing at it.

Configuration

The image shows a screenshot of the 'Uranus Config Wizard' interface. The background is dark blue with a circuit-like pattern. At the top left is the Uranus logo, and to its right is the text 'Config Wizard'. A progress bar at the top shows three steps: '1 Config Network' (highlighted in yellow), '2 Account Login', and '3 Config Finished'. Below the progress bar, there are four input fields for network configuration: 'IP Address : 192.168.3.3', 'Subnet Mask : 255.255.255.0', 'Gateway : 192.168.3.1', and 'DNS : 8.8.8.8'. At the bottom center, there is a 'next' button with a mouse cursor pointing at it.

Uranus Config Wizard

① Config Network > ② Account Login > ③ Config Finished

IP Address : 192.168.3.3

Subnet Mask : 255.255.255.0

Gateway : 192.168.3.1

DNS : 8.8.8.8

Configuration

The image shows a "Configuration wizard" window for the Uranus application. The window has a dark blue background with a circuit-like pattern. At the top left is the Uranus logo, and to its right is the title "Configuration wizard". A progress bar at the top shows three steps: "Config Network" (completed with a checkmark), "2 Account Login" (current step, highlighted in yellow), and "3 Config Finished". Below the progress bar are two input fields: "Username:" with the value "john@Uranus.io" and "Password:" with masked characters "\*\*\*\*\*". At the bottom are two buttons: "Previous" and "next". A white mouse cursor is pointing at the "next" button.

Login

The login interface is centered on a dark blue background decorated with glowing circuit-like patterns. At the top center is the Uranus logo. Below it, the "Email Login" option is selected and underlined, while "Phone Login" is visible to its right. Two input fields are present: the first contains the email "John@uranus.io" and the second contains a masked password "\*\*\*\*\*". Below these fields are two links: "Registration" on the left and "Reset Login password" on the right. A large blue "Sign In" button is at the bottom, with a white mouse cursor icon pointing at it.

Application Version

Version: 0.1.7

New Application

Name: dokuwiki

Description: default

Configuration Options

CHECK\_CPU\_USAGE: default

Enable CPU usage check

CPU\_USAGE\_SLEEP: default

Amount of seconds to sleep when cpu usage is too high

DOCKER\_CONFIG\_LOCATION: default

Docker config location on the host (for registries with authentication)

RANDOM\_SLEEP: default

Sleep a "random" amount of seconds between image pulls

RANCHER\_VERSION: default

Reference version to identify what images to pull

CPU\_USAGE\_MAX: default

Maximum CPU usage in % to halt pulling images

MOUNT\_DOCKER\_CONFIG: default

Mount docker config as volume (for registries with authentication)

PRIVILEGED: default

Run as privileged (e.g. when SELinux is enabled)

RANCHER\_AGENT\_IMAGE: default

Agent image to pull
